

At Carnegie Mellon, we do the work that matters. We solve problems in ways that will change the world. Your business can join CMU on this journey in a variety of mutually beneficial ways. We look forward to discussing how we can partner with you in these areas:

Student Engagement

Recruitment: Interns, Co-Ops and Full-Time Employees

CMU's Career and Professional Development Center can help connect your business with the best talent around through:

- Free job postings and candidate engagement via Handshake
- On-campus interview days and career and technical fairs

Classroom Activities

World-class faculty and talented students meet in CMU's classrooms every day. We can help with the logistical support and connections that will allow you to join them for activities such as:

- Guest speaker during a class
- Corporate site visit for students

Sponsored Student Activities

Learning at CMU occurs outside the classroom just as often as inside! We can connect you with student activities university-wide and make the experience easy and fun:

- Case competitions and hackathons: \$500-\$25,000
- Targeted student club events with any of CMU's more than 300 recognized clubs: \$0-\$5,000

Sponsored Research

Tier 1: Student Capstones and Educational Research Agreements

A team of CMU students, with faculty oversight, will tackle a problem, case or focus specified by your company, exploring the issue and making recommendations through their work.

- These 16- to 32-week engagements are available every fall and spring in a variety of fields.
- \$10,000-\$80,000

Tier 2: Unrestricted Faculty Research

Your company can support the amazing research being done by faculty across campus with an unrestricted gift.

Tier 3: Sponsored Research and Sponsored Research Agreements

Your company will fund research projects orchestrated by CMU's talented faculty with Ph.D.-level involvement.

- You elect the project and deliverables during these typically one academic-year-long (nine-month) projects.

Professional Education

Professional Education Programs

You can access CMU's outstanding faculty and facilities for professional and executive education across a variety of fields and disciplines.

- Graduate degrees
- Executive education programs
- Distance learning
- Expert speakers
- Seminars, conferences and workshops

Custom-Designed Programs

These programs can be designed for your organization's needs or focus and tailored to the duration, depth, breadth and fields that meet your preferences. Contact us to discuss details.

Faculty Engagement

World-class faculty call CMU home, and we can connect you with them and their work:

- Become a partner with the more than 100 **Centers & Institutes** at CMU. Opportunities exist for membership and affiliation, with costs varying depending on level of engagement.
- Classroom speaker
- Capstone advisor
- Conference panelist
- Campus visits

Licensing & Tech Transfer

Center for Technology Transfer and Enterprise Creation (CTTEC)

We can connect your company with opportunities to license and deploy the innovations made by CMU faculty and students and get CMU technology into commercial use.

Startups

Swartz Center for Entrepreneurship

Bring research innovations and promising ideas to the global marketplace or acquire, invest in or create a freestanding company.

Establishing Meaningful Connections

We can work with you to make connections with innovative startup companies in the Pittsburgh region.

Co-locate with CMU

CMU is happy to welcome your company to our neighborhood! We are uniquely situated to understand your location needs, connect you with community real estate partners and help you find the perfect spot on or near our Oakland campus to collaborate more closely.
