This Week

- II.5a due sometime today (e.g. midnight).
 - I will provide brief feedback to all projects on Friday.
 - In most cases it should be "OK – go ahead and pretest"
 - In some cases I may make suggestions about questions
- TWA's look *great*, I may email misc comments to some groups, but you're done with this.
- Today I am playing catchup on several items
 - Stratified sampling
 - Guidelines for details of sampling
 - IRB stuff
