Here are the weights that I used for your midsemester scores (the midterm weights are just pro-rated from the final semester weights, since there are no scores in the “Peer Review” or “Final Report Project” categories yet).

Category	Final	Midterm
Homework	20%	30.77%
Takehome Midterm	25%	38.46%
Participation	10%	15.38%
Quizzes	10%	15.38%
Peer Review	10%	0.00%
Final Report Project	25%	0.00%

Histograms of each category score are shown on the next page.

And here are the letter grades for midterm, using the weighted average of the categories above:

Letter	Weighed Average Interval	Number of Students
A	[90, 100]	33
B	[80, 90)	4
C	[65, 80)	1
D	[50, 65)	1
R	[0, 50)	0
