

**36-149 Reading Assignment #10b Due Thu 9 Nov 2006**

You should read the following:

1. Introduction to Cladistics at the UCMP:

<http://www.ucmp.berkeley.edu/clad/clad1.html>

2. Futuyama, Chapter 5 (online through blackboard) up to page 100.  
(Tuesday's assignment will go up to page 120 in case you want to get ahead.)
3. Continue with your book; you should be nearing completion within a week or so.
4. ENRICHMENT This online review of phylogenetics goes deeper, though it gets a bit ahead of us.

<http://www.talkorigins.org/faqs/comdesc/phylo.html>

The very beginning part would be generally readable.
